

Easy to use. Easy to choose.

We didn't just make this sander more comfortable to use, we made it more comfortable to choose as well. Using the universal motor as a base, you choose the pad diameter, orbit size, vacuum option and pad type you need. In all, there are 60 combinations to suit virtually any application.

The model number of your specific sander reflects the options you choose and are always listed in the following order:

Pad Diameter + Orbit Size + Vacuum Option + Pad Type.

Pad Diameter

Code	Pad Dia (inches)	Metric (mm)	
30	3"	75	
35	3.5"	90	RO2512-50
50	5"	125	
60	6"	150	

Orbit Size

Code	Orbit (inches)	Metric (mm)	
F	Finishing - 3/32"	3	RO2512-50F
S	Standard - 3/16"	5	
C*	Coarse - 3/8"	10	

*Coarse orbit not available for 3" and 3.5" pad sizes.

Vac Option (Not laser marked on tool)

Code	Vac Option	
N	Non-Vacuum	
R	Remote Vacuum	RO2512-50FR
V	Venturi Vacuum	

Hook PSA

Pad Type (Not laser marked on tool)

Code	Pad Type	
P	PSA	RO2512-50FRP
H	Hook	

So a RO2512-50FRP, for example, refers to a 5" pad, 3/32" orbit size, remote vacuum option, and a PSA pad type.

RO2512-50FRP
